Work Experience

LITZ Tech, Coimbatore

02 Dec 2023 - 06 Dec 2023

UI/UX Designing (In-Plant Training)

- Designed and developed responsive UI prototypes, improving web and mobile usability.
- Conducted user research and applied user-centered design principles.
- Implemented frontend features using React and Tailwind CSS.
- Created wireframes, design assets, and style guides in Figma.

Tools: Figma, React, Tailwind CSS, VS Code

Education

Kongu Engineering College (KEC), Erode

Jul 2022 – Apr 2025

Bachelor of Science in Information Systems

CGPA: 8.62/10

Relevant Coursework: Database Management Systems, Web Development, Mobile App Development, Cloud Computing, Data Structures and Algorithms, Object-Oriented Programming, Software Engineering, Artificial Intelligence, and Machine Learning.

Project Work

- **Course Booking Website (2024):** Built a full-stack web application for booking courses with user authentication, course catalog, booking management, and integrated payment gateway. Designed a responsive UI using MERN Stack and CSS.
- **Bakery Website (2025):** Developed a full-stack bakery web application using MEAN Stack, implementing product catalog, order tracking, and secure user authentication. Designed a modern, mobile-friendly UI with Tailwind CSS.
- **E-Commerce Website (2025):** Created a full-stack e-commerce platform with shopping cart, checkout, product catalog, and secure login. Integrated payment functionality and responsive design.
- **My Portfolio (2025):** Developed and deployed a personal portfolio website using Next.js to showcase academic and personal projects, technical skills, and live demos. Available at <https://www.pavishk.dev>

Awards and Certificates

- **First Prize** — Inter-Department Web Development Event (2025) for “E-Commerce Website using MERN and Gemini AI”
- **React JS Course** — Scaler Academy
- **CSS, JavaScript, and Python Courses** — Udemy
